## FAREWELL TO SENIORS

We leave these halls of learning.  
Go, men among men—ambition burning.  
Some shall return—some gone forever,  
But the memory of you shall leave our hearts never.  
Some will bring fame in their humble way.  
Some will progress—others will stay.  
People shall know of what you have done—  
How well you have lost, how fairly you've won.  
Make your goals high, your ways straight and true.  
Memories live on when people are through.

## DEDICATION

This year, 1945, finds many of the graduates of M. H. S. fighting in every corner of the world. To these M. H. S.'s contribution to Uncle Sam's Armed forces, we proudly dedicate this annual.

Just an annual is not enough, however. The headaches involved in constructing "The Spider Web" are nothing compared to the physical and mental anguish, our fighting men are going through to preserve freedom. To them we should dedicate our hearts, our minds, and our very souls.

May this "Spider Web" remind you of happy days in a public school, something which personifies the American way of life.

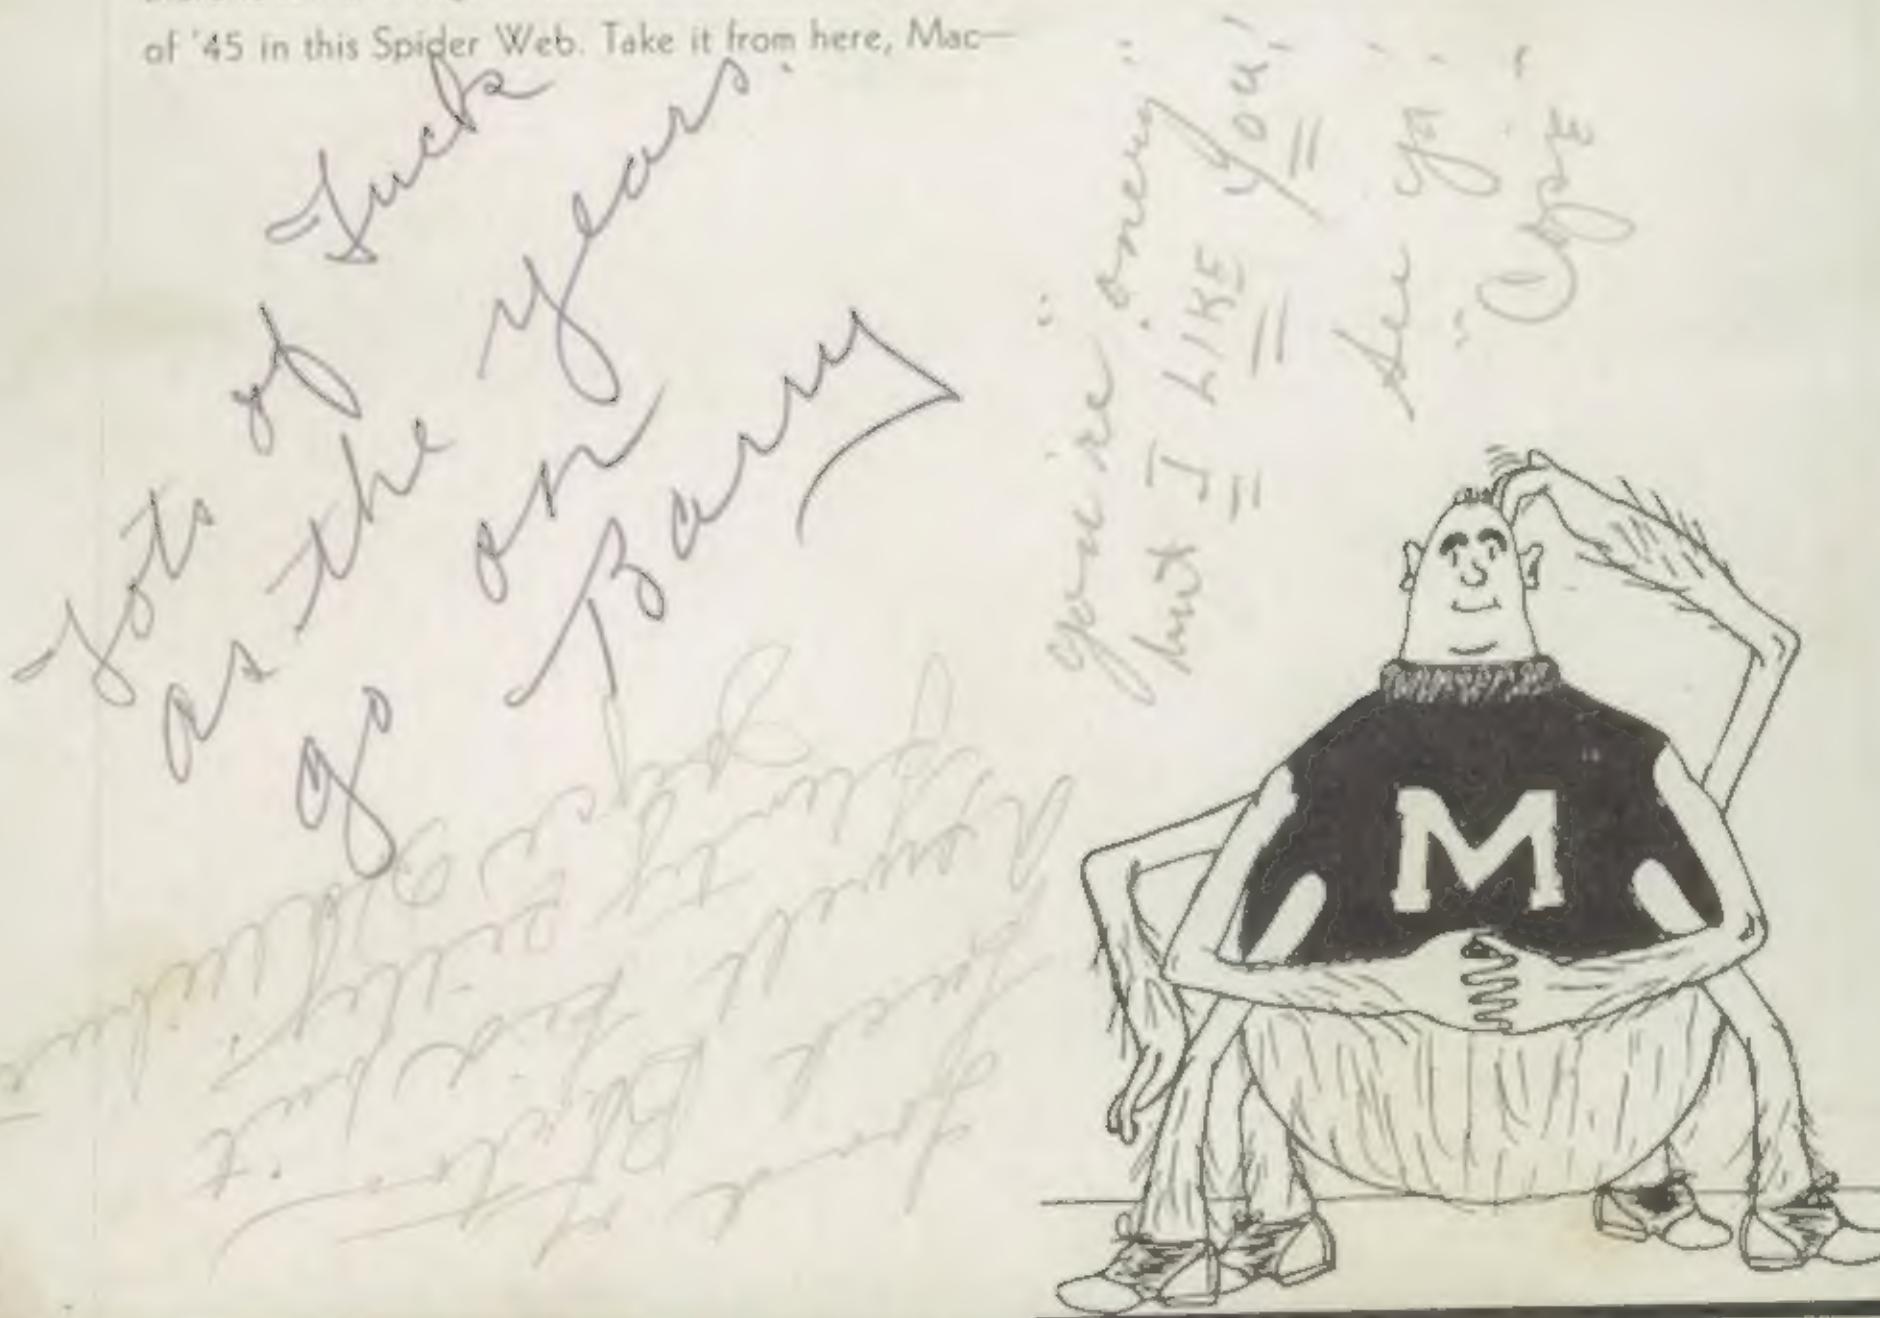

Perlie Dutcher

Dear Friends,  
I'm seeing you all  
next year.

## INTRODUCING MAC

Students of Macomb High School meet "Mac". I'm sure you will all be happy to meet him because he's the "keeper" of the Spider Web. He is at home in every hall and room of good old M. H. S., but don't be alarmed. He's a good little spider. He goes with his best friend "School Spirit" to every game and cheers the best he knows how. He watches our dances and parties with a twinkling glee. He is everywhere where there is fun and high school students. We have chosen him to point out the highlights of '45 in this Spider Web. Take it from here, Mac—

# HEADS OF THE HOUSE

### To Macomb High Seniors of 1945

Personality has been described as the sum totals of all the habits and skills which you have acquired. We sincerely hope that the habits and skills which you have learned at Macomb High will enable you to be of real service to your fellowmen. Recognize your faults and overcome them. People who are unable to recognize their shortcomings or their bad habits never develop good personalities. Substitute good habits for bad ones and you will develop charm and a pleasing personality.

P. F. SHAFER  
Superintendent of Public Schools

One of the most obvious facts of life is that change is certain and inevitable. Your school is endeavoring to make you conscious of this and equip you with the means to meet these changes and adjust yourselves to them. In attempting to do this it is evident that you will meet diverse situations, and it is recognized that you will not all make the same choices or follow similar means of livelihood when you leave school. For this reason we have provided some basic, required subjects in the hope that they will lead toward good citizenship. In addition, other subjects are offered from which you are encouraged to make a choice in the hope that they will aid you in becoming better fitted to occupy a definite place in the world's work and life. Various activities have also been offered to enable you further to enrich your experiences. With these it is our hope that you will emerge as well rounded individuals, better able to cope with the many problems which a changing world will present.

A. C. DRUMMOND  
Principal of Macomb High

Alexander, Robert Thomas—Dreams of quail hunting in the Zephyr Hills in Kansas, and is a member of the sport. Received his A. B. at Western Illinois State Teachers College and Missouri University.

Black, Minnie—The ideal place to spend leisure moments is in a flower garden according to Miss Black. Her flowers are her hobby. Miss Black is the efficient secretary to Macomb High's superintendent. She is a graduate of Macomb High School, and attended Meyers Business College, Bryant-Stratton Business College in Chicago, and did further work at Eureka College, Eureka, Illinois.

Bone, Merrill—Interested in photography. Is easily disgusted when students don't study their lessons. Physics and Chemistry instructor. Received his B. A. in Chemistry from Carthage College—taught at Knoxville, Illinois.

Bradshaw, Elsie—Singing advertisements irritate her. She's a collector of miniatures, likes photography and cartoons. Received her A. B. at Adrian College; B. E. at Western Illinois State Teachers College, and her M. A. at the University of Michigan. She teaches Biology.

Britt, Demontes—Has a strange dislike for whispering students. She never misses a basketball game, because she likes them. She received her B. E. at Western Illinois State Teachers College and has done graduate work at Gregg College and Colorado State College. Sponsors Senior Sub-Deb, and teaches commerce.

Campbell, Ruth S.—Has traveled extensively in Europe. After the war she wants to travel. Has plans all made for a trip to Canada, down the West coast, and into Mexico. Likes to read. Teaches mathematics. Graduated from the University of Chicago, and received her M. A. from University of Illinois.

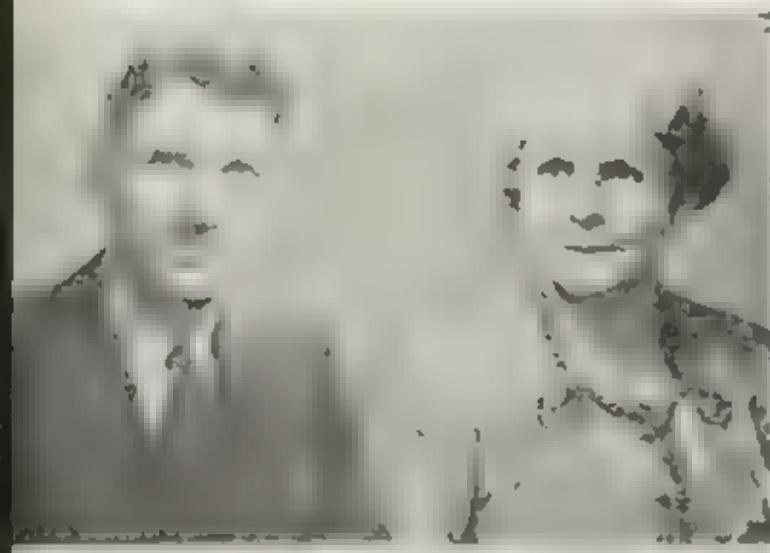

Churchill, Edith—Spends all her spare time sewing, and she enjoys it. Reading is second on her hobby list. Her pet dislike is people who chew gum in class. She's the commercial teacher. Received her B. E. at Western Illinois State Teachers College and her M. S. at Colorado State College. She has done work at the University of Iowa.

Finnell, Anne—Enjoys food and cooking it, and can she cook! Is happy when students remember their book reports. Received her B. S. at Northeast Missouri State Teachers College, and has done graduate work at Missouri University. Sponsors the Spider Web and teaches English.

Goff, Howard—Enjoys camping. Any kind of a "noisy" radio advertisement doesn't register with him. He's the director of the M. H. S. Band and he received his B. M. and M. M. at Illinois Wesleyan University.

Graham, Burdette—Noted for his "singing" and guitar "strumming." Received his B. Ed from Western Illinois State Teachers College and his M. Ed from Missouri University. Teaches Vocational Agriculture and sponsors F. F. A.

Hoyle, Orville—Likes to spend all his spare time hunting and fishing. He received his B. E. from Western Illinois State Teachers College and has done further study at University of Indiana, and Chicago University. Teaches Fundamentals of Machines and is Dean of Men

Hungerford, Helen M.—There's nothing she enjoys more than baking cookies, and nothing she enjoys less than sleepy and yawning students. Received her B. E. at Western Illinois State Teachers College, and has done further study at Bradley Institute and University of Iowa. She is a Social Science instructor

Jack, Mathew—He says he'd make an ideal tramp because he likes to travel. His favorite trip is to the mountains in the west, especially Colorado. Dislikes the East, because it's too crowded. Teaches Manual Arts. Received his B. S. from Stout Institute, graduated from Illinois State Normal and Bradley Polytechnic Institute

Morris, Vera Gene—The first few minutes of each of her classes are devoted to the serious business of students depositing their gum in the waste basket. Collects antiques. Received her B. S. at University of Illinois, and her Ph. B. at University of Chicago and her M. A. at the University of Colorado

Patrick, Doris—Has a strong dislike for people who think they're cute. Likes to sew and does it often. She teaches English, sponsors Thespian Club, contest work, and directs the Junior and Senior class plays. Received her B. A. at University of Iowa, and her M. A. at Northwestern

Shultz, Esther—Spends much of her time in keeping the library. Received her B. S. degree at Northeast Missouri State Teachers College and has done graduate work at Colorado and Iowa Universities. Teaches Social Science

Miss Neva Skoog—Gets very disgusted when there is no mail in the evening after school. Un-necessary noises annoy her. Her pet expression is "That's Tough". Graduated from University of Illinois, where she received her B. S. degree. Teaches Home Economics and sponsors The

Smith, Marian—Collects poetry and enjoys sports. Received her B. A. at Monmouth College, and majored in physical education at Illinois University. This past summer she took courses toward her M. A. at the University of Illinois. She teaches Spanish, Latin, and Physical Education

Vance, Dave—Interested in sports, and why shouldn't he be? Has turned out some swell athletes. Received his Bachelor's Degree from Indiana Central College. Teaches all of the boys' Physical Education and coaches all sports

Waggoner, Louise—Her hobby is her Buick, and her pet peeve, is people who whisper when she tries to talk. Received her B. S. degree at Northwestern and her M. A. at the University of Wisconsin

Sen. Winifred G—Registered Nurse. Received her training at St. Francis Hospital in Macomb and St. Luke's Hospital in Chicago. Went to Public Health School at the University of Michigan. Staff nurse of McDonough County Health Department.

Mabel Grace—Public Relations officer. Attended Western Illinois State Teachers College for three years. Taught in the public schools for three years in a country rural school.

## MEMORIES OF MACOMB HIGH

Soon we'll be leaving, soon we'll say good-bye,  
To all our fondest memories of Macomb High  
Four swell years have we spent,  
And few of us are sorry that we went  
Out into the world, our goal to possess,  
Go, we the Seniors of '45, each hoping for success;  
We're leaving lots behind us, true to say,  
But we'll always cherish memories of each yesterday  
There will be many in our number, we know  
Who will be training and fighting for the country we love so.  
To all of those, and to all of the rest—  
"We'll be seeing you soon, when with victory we're blest."  
So to each and to all, "Good Luck and Adieu,  
And to Macomb High, the best kind of a toast."

Dorothy Huston

# HISTORY of THE CLASS OF 1945

In the fall of 1941 a group of 11 students of Macomb High School began their studies. After four years to a graduating class of 58

The Junior Class officers were President, Dick Frame; Vice President, Carol Hansen; Secretary, Norma Sowers; Treasurer, Betty Haulk.

The Bazaar, Bazaar was a success for the Junior Class party. Many of the girls played roles in this farce comedy.

The junior and senior prom was the outstanding event of the year. The seniors decorated the ball room which was decked out with its shining walls and corresponding decorations. There were many refreshments and many musical entertainments. It was a success which will not be forgotten.

The Senior Class officers were President, Dick White; Vice President, Jim Hare; Secretary, Jean Perkins; Treasurer, Betty Ellsworth.

At the Homecoming Dance, Betty Haulk and Dan Dorothy were crowned King and Queen.

Jean Perkins and Jim Hare reigned at the Valentine Dance.

'The Senior Class play, 'And Came The Spring' was one of the best ever presented on the Macomb High stage", someone has said.

The prom was a grand bed time party. It was a great farewell to the good old days at M. H. S. The Baccalaureate made us all feel like crying. What were we to do next?

The Commencement speech was a sad one. We realized our farewe was being said. Many of the boys were in the military as some were serving their country.

Stevenson expresses our deep sentiments when he said

Time was," the golden head Irrevocably said,  
But time which none can bind  
While flowing fast, away, leaves love behind."

## OUR RENAISSANCE

Our days together now are o'er,  
Our paths may part, we scarce know where,  
But there still are days and years ahead  
With joys and sorrows, hopes and fears  
As trains that leave the union house,  
Side by side they race along,  
Side by side our paths may go  
Until we part to our definite goals  
Life is a ceaseless march to a shining goal,  
Where ways may be smooth and days so fine,  
Or fear and sorrow and doubt may smirk  
To change our purpose and hinder our work  
But where others conque, we can win,  
What they have done, we too, can do;  
The paths they trod, we too can tread  
With our trust as strong and faith as true

## OUR FAREWELL

We hate to go, now that we know  
Our time is almost o'er, we've gone these four years  
In days so fast we had forgotten they couldn't last.

We've studied and worked; we've laughed and played;  
We've had our trials, too, and, now, to you  
We leave all this hoping you'll continue through.

We say, "Farewell to thee our dear old Macomb High School.  
We hate to go, we've loved you so  
But we leave to others the prayer, that they will love thee, too."

## MISS 1945

ANNA MAE was chosen by the students to represent the Senior girls as MISS 1945. She received this honor because, as her many friends will agree, she is a really grand girl.

Her air, her manners, all who saw admired  
Courteous, though gay, and gentle, though retired  
The joy of youth and health her eyes display'd,  
And ease of heart-her every look convey'd

# ON TAKING CARE OF CHILDREN

There are so many things to do, many more errands and taking care of the children. A few weeks ago we had a birthday party for others who were going to be at a birthday party at the same time, so I had to stay with the children all day. Not to mention the extra work of the house and the garden. I said to her, "Only this one night."

Now after a few hours the first two hours the first two hours have passed and I have been thinking about what has happened that night that had planned it to happen and I have been thinking about it since then. My plan is to do what I can to use this as an example to the fact that it should be as humane as possible to the child.

As I was telling you, there are two types of dogs in this pack. The first is the one that has been trained to sit for a treat. Many of these dogs have been trained with positive reinforcement and don't take him along with them. Then there is the second type. The second type is the one that has been trained with negative reinforcement. Over the last few days, I've been trying to get him to sit. He would just squeeze his head between the bed and the sofa and then not move out and just stare at me. I mean, get me. He very well knows that you can make a get out that way. I let him stay a week in an elephant with a rubber band and a paper and just books under the bed and just beside the bed and I can't swear that I've ever got your hands on him. But finally he came out and everything runs smoothly for the next twelve and one-half seconds.

As it happened that the bird was singing but that's all it was. One of the latter named species had after the snow process (and you can't imagine what it does in the snow) it was then the boy who still had his glasses on (so as not to scare any bird away (as it could have heard him without even having to raise his ear-muffs))

"Gimme a dwink o' water."

This goes on until all hours of the night. First it's a "dwink," then a cookie, then "I'm  
my 'n Dadda?"

But many men are not afraid from sheer exhaustion at 40, for as mine is "child sitting" my career, no thanks, I'd just as soon mine coal in a coal mine—it's not so strenuous.

Dorothy Dunsworth

# THE ART OF STUDYING

Some teachers are inclined to be too lenient you know, and sometimes get careless about conjuring the horrors that will befall him if he does not do the hated task.

Before my dear readers get the impression that Nemo has a small theme to write or an  
of the six weeks is breathing down his neck, and the time has come for action

It is this crisis and this alone that can make our little Nemo study.

sweet bliss of a mind at ease, free from care, you will never return to former methods.

This is all good advice, but as I write this, I know in my heart it will all be in vain. Students are not the only ones who are doing this, and it is not only the students who are doing, for this vice which they indulge in their youth will affect them the rest of their lives.

# ON GETTING A SUN TAN

for many hours at a time

entire face is covered with a thick skin tan. Perhaps the most prominent ones are very dark and give it its aggression. All of which are extremely sticky and unpleasant to use.

Now understand that people are not so foolish as to allow themselves to be burned and then write an essay on getting a sun tan. The only trouble is that have never taken sun tan with a tan as a burn just suppose that there are some people who never get burned and it is the same they are blessed. One method of getting sun tan is to be prepared to travel for the large bags of tubers to the sea shore the next time you can. The first day you will have to let the shade of this tuber with only your feet out to let the sun's rays on the skin. Then the next day your arms and the next day your back etc, in other words completely tanned in the month even though that is have desired. The only reason that I say is that it would be rather embarrassing being half with half of you brown and the other half white.

Now the last method is to get a sun tan. As I have the last that you had better try it. Sun tan is to brown or white every one it was written and bragging about their beautiful red coloring.

## NOSES

Now I don't want to mark where a word like nose could have originated. It could have been in the Orient or in Europe. One is sure where this first began to form. Centuries ago we see a word **nose, nos, ness, or nosus**. So when it has the first letter of the word nose but in these words it come out meaning nose. But what is it? As we know that nose is the organ of smell and scent the part of the human body that they could not live have defined it as the part that a nose goes in.

The nose is a very important feature of the human face. In fact it is the most important feature of the human face. If you had no nose you would be known as the "Freaks of Araby" and our "Varga Girls" would soon be called "no girls". And if you had a nose that would be the fragrance of roses. And if you went through the halls after our ingenious chemistry students invent the latest gas bomb.

The nose is a very useful organ but there are a few difficulties in dealing with it. The nose is very frequently broken. It is quite a difficult job to when you do you have to have a probe and as usual you are without a hand so such a job would be very tiring. We could just twist our noses upside down but then sometimes the nose would stick to the hand and would turn red and if it did we may get stuck at some odd position and that would be worse than no nose at all!

The skin of the nose is very sensitive. They are forever changing. The nose is the only body part that has a lot of trouble with us than we could say. But when we are angry we stick it with sticks we would not like to think about what would we stick into other people's business?

## G. A. A. CLUB

The Girls' Athletic Association sponsored by the High School  
Expedited the first competition September 15 and that date  
is considered the official date of the club's organization.  
The first meeting was held on Sept. 15.

The first officers were Mrs. Pres. Mrs. Mary C. Clegg,  
Haulk Smith, Vice Pres. Mrs. Dorothy Goss.

Everyone who is interested in the G. A. A. is invited to join. The following are the officers for the coming year: President, Mrs. Mary C. Clegg; Vice President, Mrs. Dorothy Goss; Secretary, Mrs. Mary C. Clegg; Treasurer, Mrs. Dorothy Goss.

A cup or trophy is also awarded to the girl who has the best record in her four years of G. A. A. The trophy is to be given to the girl with the best record.

The senior girls who have won this honor are Joan Mason, Carol Harland, and Mrs. Haulk.

The class champions this year were the seniors.
